let's grow!

**Proud of your plot? You should be.**

We appreciate the time and effort that goes into keeping your land fully cultivated and weed free.

So, if you love working on your allotment and take pride in it's appearance, its variety, or its "green" qualities, it could make you a winner this year.

**You are automatically entered into this competition by having an allotment in the city.**

Just keep tending your allotment. In July, a RHS appointed judge will be around scoring your efforts.

What's more, if you win your local round you'll get a cash prize and be entered in a city-wide category. Winning here offers you further financial rewards and a chance to compete in a regional round.
