Domiciliary Care

Request:

I was hoping to gather the name(s) of the person(s) who are responsible for dealing with your in-house domiciliary care service and also who would deal with the external domiciliary care providers you commission contracts to.

In-house domiciliary care provide short term services only and the person responsible for this is Tom Denham

This is managed by the City of Wolverhampton Council Commissioning Unit, who can be contacted on the following email address:
