

GET HOME

SAFE

this Christmas

TAXIS

Can be hired at a taxi rank, flagged down or pre-booked

PRIVATE HIRE (MINICABS)

Cannot be flagged down in the street - they must **always** be pre-booked

End a great night by getting home...

S **Share** details of your journey and the taxi you are using, with someone you know.

A **Always** trust your instincts, if you feel worried or threatened, ask the driver to let you out, preferably in a busy area.

F **Find** out which licensed taxis operate in your area and where possible, always plan your journey in advance.

E **Every** taxi must display a licence and be in a roadworthy condition, if you're concerned, don't get in.
