

WMCA Skills Recovery Webinar

Virtual Event Wednesday 30th June 10.00 - 11.30am Click [Here](#)

Do you run a small or medium-sized enterprise (SME)? Are you thinking about recruiting or upskilling employees?

The West Midlands Combined Authority and partners including City of Wolverhampton Council are hosting a free webinar to show you what support is available from the Government to help you do this.

Divided into four sections – **Recovery**, **Response**, **Resilience**, and **Rethink** – these will be informative sessions about recruitment and succession planning; career progression opportunities; and future workforce planning around skills.

Take this time to find out more about bringing in new talent, diversifying your business, or upskilling your existing workforce.

Learn what funding is available to help your business to recover from the pandemic and bounce back with a bang!

Wolves Tech Aid

Businesses are encouraged to donate unused digital devices to Wolves Tech Aid aimed at helping local children get online. The project is taking used equipment, digitally cleaning it, wiping the hard disk and making it ready for educational use. Further details on Wolves Tech Aid can be found at www.wolvestechaid.com or @WolvesTechAid on Twitter, Facebook and Instagram.

Rainbow City

City of Wolverhampton has launched a new consultation on becoming a [Rainbow City](http://www.wolverhampton.gov.uk/rainbowcity); ensuring that we are a fair, equal, diverse and inclusive city for all.
