There are potential future budget requirements across various projects, including works to support and enable Fleet electrification and projects supporting the events strategy, such as the reopening of the Chubb Cinema and the delivery of the Bell Street Box Space scheme. Budget provision has been incorporated into the Corporate Provision and Contingency for Future Programmes in order to be prudent at this stage and will be allocated to individual projects using appropriate delegations. Allocations will be reported at each Quarterly Review. Future requirements across the capital programme remain under review. Further change in this budget reflects net virements as detailed in Appendix 4. |
