### *New Houses in City of Wolverhampton Council*

#### **Request:**

As a Freedom of Information Request could you give me an estimate of the number of new houses have been built in the last calendar year within the city boundaries. [Between January – December 2016, there were approximately 110 dwellings completed during this time period. This does not include house building figures for private building control groups and it does not include conversions of properties to provide separate dwellings.](#)

Additionally could you please tell me the location and the height of the largest inhabited house within the city boundaries.

[In respect of your above question, it has been established after careful consideration that the Council does not hold the above information. Consequently, we are unable to provide any information relating to the above, and are informing you as required by Section 1\(1\) \(a\) of the Act, that states:](#)
