

## Response to Request for Information

Reference EIR 000226  
Date 14 May 2018

### ***Pest Control***

#### **Request:**

Please would you tell me:

1. The number of applications to the council for pest control in each postcode area (e.g. L1, M20) that you cover during the calendar years 2016, 2017 and 2018 to date (May 14 or whichever is closest).

Please break this down by postcode area and type(s) of pest.

In respect of your above question, it has been established after careful consideration that the Council does not hold all of the above information for two reasons. The first one is that during the year 2016 there was a changeover of systems and therefore we are unable to retrieve the missing information. The second reason is that some customers did not supply their postcode.

Consequently, we are unable to provide all of the information relating to the above, and are informing you as required by Regulation 12(4)(a) of the Environmental Information Regulations 2004.

However, we can supply you with information relating to the financial years 2016-2017 and 2017-2018 which is supplied on page 2 which we hope will of use.
