2. How are each of these car parks managed (i.e. contract, byelaw, other legislation)?  
The majority of our car parks are free of charge (20) and they are managed under transport legislation.
3. Of these car parks, which use private contractors to enforce parking restrictions?  
None
4. How much total revenue has the council made in the last tax year from parking fines on council owned land?  
In 2013/14 £72,509 income was received from PCNs served on Council car parks.
5. How much of this revenue has come from parking fines on council sites managed by private contractors?  
Not applicable
6. Do you use DVLA data to help you enforce parking restrictions at any of your sites? If so, which sites?  
Broad St, Fold St, School St, Market, Faulkland St, Church Lane, Peel St, Oxford St, Cleveland St and Temple St car parks.
7. Of the car parking sites managed by private enforcement officers- how many letters have been sent to car owners including a reference to potential court action?  
Not applicable
