Public Mental Health Services and Interventions

Request:

Public mental health includes:

- Promoting good mental health
- Preventing mental health problems and early intervention with mental health problems
- Targeted programmes to improve the physical health of people with mental health problems

I would be grateful if you could send me:

- A. The total public health budget in your authority for the financial year 2014-15
- B. The total budget allocated to public mental health interventions in your authority for the financial year 2014-15
- C. The total budget spent on public mental health interventions in your authority for the financial year 2014-15
- D. An itemised list of any interventions you have funded in 2014-15 that fall under any of the following categories:
 - Perinatal and infant mental health programmes
 - Parenting programmes (including targeted programmes at high risk families)
 - School-based mental health promotion and prevention programmes (including anti-bullying, violence or abuse)
 - Mental health training for key workers (e.g. health visitors, school nurses etc.)
 - Promoting psychological wellbeing and stress reduction in workplaces
 - Targeted programmes to improve the physical health of people with mental health problems (e.g. targeted smoking cessation, physical activity, etc.)
 - Programmes to address social isolation (e.g. befriending)
 - Suicide prevention
 - Programmes to reduce stigma / discrimination faced by people with mental health problems

- E. An itemised list of any other public mental health services funded by your authority in 2014-15
- F. The total budget allocated to public mental health services in your authority for the financial year 2015-16
- G. A brief outline of any data your authority uses to assess levels of mental wellbeing in your local population
- H. A brief outline of what impact you expect future changes in local authority budgets to have on the mental wellbeing of your population, and any actions you are planning to take to address any concerns that have been identified

Please also feel free to separately include details of spending from budgets other than public health budgets (e.g. housing, education, etc.) that helps to achieve outcomes associated with public mental health.

Please do not include dementia and learning disability programmes within in your response unless they directly relate to mental health promotion or preventing mental health problems for these groups of people.

Name of local authority	A: Total public health budget 2014-15	B: Allocated public mental health budget 2014-15	C: Spent public mental health budget 2014-15	D: 2014-15 Commissioned interventions	D: Description	E: Description of other interventions	F: Allocated public mental health budget 2015-16	G: Data used to assess local mental wellbeing	H: Description of budget impact / actions identified
