

Response to Request for Information

Reference FOI 0615104
Date 18 June 2015

Teachers suspended, disciplined or dismissed as a result of an allegation they had a sexual relationship with a pupil.

Request:

Under the freedom of information act, please can you tell me for each of the past three years how many teachers have been suspended, disciplined or dismissed as a result of an allegation they had a sexual relationship with a public.

Again for each year, can you tell me out of those accused, how many resulted in a police charge.

Response:

Wolverhampton City Council have no central system of identifying how many teachers have been suspended, disciplined or dismissed in any category in all schools in the Local Authority.

Consequently, we are unable to provide any information relating to the above, and therefore are informing you as required by Section 1(1) (a) of the Freedom of Information Act 2000 ("The Act"), that states:

"Any person making a request for information to a public authority is entitled to be informed in writing by the public authority whether it holds information of the description specified in the request".

To advise and assist you further, each school will hold this information and would need to be approached individually for this information. For ease of reference, I have provided you the link, below, listing all the schools within the City:
