Children's Social Care – Education Management Systems

Request:

1.   How often do you extract data from your schools systems to populate your local authority Education Management system with data such as student attendance, attainment, exclusion data. E.g. weekly, monthly, termly?

      Weekly for student basic information and attendance.

2.   How do you extract the schools data and populate the local authority Education Management System.

      Electronic secure file transfer

      2b   Does each school do this for you? – Yes
      2c   Is it an automated process or manual? – automated for schools who use SIMS software and manual for those that do not
      2d   What suppliers are involved to make this happen? – Capita SIMS, Capita ONE, School Pod
       2e   Are there any external costs incurred from suppliers? If so what are the costs per annum.
             Admissions and Attendance – £23,702.79.

3.   What IT system software, from which supplier, do you use in the following areas:

      ·   Education Management – Capita One
      ·   Admissions – Capita One
      ·   Youth Support – Capita One for targeted youth service only, Connexions and Youth Offending who use YOIS and UMIS.
      ·   Early Years – Tribal
